

Seeing Red

Cheesed Off

Sick as a parrot

Short fuse

Hopping Mad

Pull yourself together

Rub someone up the
wrong way

Head over heels

At end of your tether

At your wits end

Broken hearted

Mad as a hatter

On cloud nine

Tear-jerker

Under the weather

Fly off the handle

Banging your head
against the wall

Jump for joy

Scare the living daylights
out of someone

Over the moon

Down in the dumps

Feeling blue

Get carried away

Last straw

On the fence

Penny for your thoughts

No pain no gain

Miss the boat

You can say that again

Break the ice

It's a piece of cake

Live and learn

Calm before the storm
